## Expenses

Each student will need to begin by renting a "property." No debt will be possible to incur. If no cash, no purchase. Eventually a student may be able to "purchase" a property, at which time the monthly rent ceases.

At the end of the school year we will cash out, with each student owning a certain amount of "cash" which they will be able to convert to real cash with actual purchase power. The conversion rate will be determined later in the year.

Each week a gross income tithe will be paid to the bank. Each student will be responsible for his own tithe ~~along with a report to the teacher~~ who will keep record of tithes paid.

*to the banker*

## **Additional Information**

1. Each month a 30% MUT fee is collected from each property owner. The MUT fee covers maintenance, utilities, and taxes on the property. This enables the property owner to sell his property back to the bank at the end of the school year for the same price he paid for the property. Property renters owe no MUT fee. The banker is responsible to see that each property owner pays his monthly fee.
2. In addition to the weekly tithe each student will contribute to an offering for the needy which will be collected each week on Friday. The teacher will record the offering amounts each week to be used which will serve as a record of group parsimony or generosity. If parsimony becomes apparent, the teacher will impose a luxury tax upon each student based on his roll of a die x 100.
3. Each week or two Chance or Community Chest cards will be chosen by each student.
4. The teacher's chair is available as a luxury purchase. The price is \$1000 and is subject to a MUT fee but only retains a \$250 at the end of the school year.
5. Any teacher at Hebron Christian School may impose a fine for inappropriate behavior wherever it is observed.
6. Seasonal costs and seasonal incomes will take place occasionally based on the roll of the die.
7. Any student who brings a non-family visitor to the classroom for at least two hours will receive \$100 per visitor. An immediate family visitor who visits for at least one hour will benefit the student with \$200.
8. Before a student is permitted to go home on Friday afternoon, he must balance his cash with his record sheet. He must inform the teacher whether or not the balance happens each week. Repeated balance problems will merit a \$50 fine.
9. The weekly tithe is figured on earned income, bonuses, rolled die amounts, etc. Gifts are tithe exempt.
10. Imposed fines may not be challenged by the student.
